PROFESSIONAL SUMMARY

Analytics professional with experience in statistical modeling, sports analytics, and program development. Focused on analyzing complex datasets, communicating insights to stakeholders, and building solutions that contribute to organizational impact.

EDUCATION

Centre College

2022 – May 2026

Bachelor of Science in Economics (Major), Data Science (Minor)

Danville, KY

- **Cumulative GPA:** 3.61 | **Major GPA:** 3.67
- **Relevant Coursework:** Modern Calculus I, Applied Machine Learning, Statistical Modeling, Econometrics, Empirical Analysis, Data Visualization, Intro to Management, Programming and Problem Solving, Economics of College Sports, Managerial Finance.
- **Leadership & Activities:** Track and Field Student-Athlete | Resident Assistant | Co-President: Centre Brother-to-Brother Club.
- **Programming Languages & Tools:** R, Python, SQL, Stata, Tableau, Power BI, Git/GitHub, Jupyter Notebook, Microsoft Excel.

EXPERIENCE

Basketball Analytics Intern

Feb 2026 – Present

Los Angeles Sparks

Remote

- Create statistical player comparisons and analyze individual and team performance to support roster and game strategy decisions
- Scrape and compile data from public websites to build and maintain internal analytics databases and projection models
- Contribute to game-by-game, seasonal, and player evaluation reports, including league-wide trend research

Business Program Development Fellow

Sep 2025 – Dec 2025

Sustainable Business Network (SBN) of Massachusetts

Cambridge, MA

- Developed the Technical Assistance Pilot Program from scratch to connect local food micro-entrepreneurs with specialized consultants
- Designed multi-step intake process including dual Google Forms (20+ questions each), interview framework, database management system, and memorandum of understanding template
- Facilitated consultee interviews to identify foundational business gaps and matched businesses with consultants based on readiness, expertise alignment, and availability

Undergraduate Sports Analytics Research Fellow

Jun 2025 – Jul 2025

Carnegie Mellon University - Statistics & Data Science | [Capstone Project](#)

Pittsburgh, PA

- 1 of 16 students selected for a fully funded 8-week research program
- Developed machine learning models to predict pressing effectiveness in professional soccer using 252,646 sequences from 502 MLS matches, using 10Hz sports player tracking data provided by SkillCorner
- Oral presentation at the Carnegie Mellon Sports Analytics Conference 2025 & American Soccer Insights Summit 2026

Data Analyst: Qualitative & Quantitative Insights

Mar 2025 – Jun 2025

Beats by Dr. Dre, via Extern | [Capstone Project](#)

Remote

- Conducted market research by analyzing 4,628 consumer survey responses and scraped product reviews using Python (Pandas, NumPy, TextBlob) to identify market opportunities and feature preferences for a wireless speaker product launch
- Delivered strategic assessment recommending \$150-250 price point based on consumer insights, demographic segmentation, sentiment analysis, and competitive gap analysis

PROJECTS

[2026 FIFA World Cup Prediction](#) | Personal Project | *R & Python*

Jun 2026

- Projected tournament outcomes using a Poisson regression model and Monte Carlo simulations
- Finished 4th of 47 entries in a [public prediction contest](#) on X (fka. Twitter), ranking 2nd by Brier score

[Loan Default Prediction](#) | Applied Machine Learning Course Project | *Python*

Mar 2026

- Modeled loan default risk on 307K Home Credit applicants, comparing 6 ML algorithms with 5-fold cross-validation
- Tuned decision threshold via F2 score to prioritize recall, reducing costly false negatives for the lender

[National Olympic Performance: Determinants of Medal Counts](#) | Econometrics | *Stata*

Sep 2024 – Dec 2024

- Analyzed how economic, demographic, and historical factors relate to national medal counts across multiple Summer Olympics
- Built and compared panel regression models with country fixed effects to address unobserved heterogeneity and model specification issues

MENTORSHIP

- Mentee, WeStutter@Work Mentorship Program
- Mentee, 2026 NFL Big Data Bowl Mentorship Program (selected from competitive applicant pool)
- Selected Participant, Philadelphia Eagles Virtual Development Series (Business Operations)
